

PURPOSE

The Quality Policy acts as a compass by providing the direction and framework for establishing key corporate level performance measures, as well as related objectives and targets.

The purpose of this policy is to define how Nadrasca applies ISO 9001:2015 Quality Management System Standard and how we apply quality management principles, the Plan-Do-Check-Act (PDCA) cycle and risk-based thinking to enable well-planned and adaptive processes.

LEADERSHIP

Top management ensures that our corporate policies are established and documented, and that the policies are available to all interested parties via the organisations internal document management system.

The Chief Executive Officer through the Manager Quality Safeguarding and Practice has overall responsibility for defining, documenting, and ensuring the review of our Quality Policy in consultation management teams and other personnel, or their representatives.

The policy is to be reviewed at least annually, as part of the Nadrasca’s internal review program or at a frequency determined by:

- The changing needs and expectations of relevant interested parties, Section 4.2.
- The risks and opportunities that are presented through the risk management process, Section 6.1.

The Chief Executive Officer and Industry Management team have overall responsibility for implementing the policy and communicating it to all employees via training, regular internal communications, and reinforcement during annual employee performance reviews.

Employee understanding of our policies and objectives is determined during internal audits and other methods deemed appropriate.

SCOPE

This document applies to all services and products delivered by Nadrasca employees within the Industry Division. The products and services included in the scope of the QMS include the following:

- Packaging, Kitting & Assembly
- Food Packaging
- Printing and mailing
- Third Party Logistics (3PL)
- Assemblies

The organisation provides supported employment to people with disabilities (participants) and to obtain open employment in the community.

Nadrasca has determined that Clause 8.3 of the ISO 9001:2015 Standard (Design and Development) is excluded from the quality management system as there are no services or products designed by Nadrasca.

Nadrasca’s interested parties/ stakeholders include the following:

- People with a disability
- Customers
- Nadrasca Board
- Employees
- Competitors
- Suppliers
- Government Funding Agencies
- Regulators
- Philanthropic Trusts and Foundations

POLICY

Nadrasca applies quality management principles and is committed to customer focus, leadership, engagement of people, the process and systems approach, improvement, evidence-based decision-making and relationship management and its application.

The use of the Plan-Do-Check-Act (PDCA) cycle and risk-based thinking ensures that we know the requirements of the quality management system, we consistently meet standards and organisational requirements, we evaluate our processes in terms of value added, processes perform effectively, and we improve processes based on the evaluation of data and information.

Plan	Planning occurs to ensure that Nadrasca knows what the quality management system needs to do to align to standards, legislative obligations, and requirements of key stakeholders, what processes are required, the resources needed to deliver outcomes as per participant requirements and identify risks and opportunities.
Do	Nadrasca ensures that services operate based on organisational and participant requirements established in planning, in line with the NDIS Practice Standards.
Check	Nadrasca monitors, and where applicable measures processes and services against policies, objectives, requirements, and planned activities and reports the results. Nadrasca is monitored through Nadrasca's Board and its sub-committees - Risk & Compliance, Finance & Audit and Quality Governance and top management.
Act	Nadrasca takes actions to improve performance, as necessary.

Quality Objectives

The Nadrasca Strategic Plan, Employment Services Model and Industry Business Plan outline the strategic environment, the quality objectives and allocates resources to implement initiatives. The current quality objectives and key performance indicators (KPI) are outlined below:
